A-ANGEL

If I was an Angel for Christmas I would watch over all the people that didn't have anyone or anywhere to call home.

I would make sure that they would be with people who would love on them. I would make sure that they had the BEST Christmas EVER so that way they would know what having love, food, and family felt like.

B-BOTHER

The three things that bother me about the Christmas holiday is:

- 1) That people don't like to listen to Christmas music.
- 2) People that are "Hum-Bugs". I like it when people are in a happy caring mood.
- 3) When people don't have a place to go for the holidays.
